driver trainin' the way it ought'a be!

Approved Driving School

Kell High School is bringing this exciting, Award-winning program back to our school.

National Defensive Driving Institute 2018 Program Certification

What are the… Accident Avoidance Workshops ?

We're the ***other*** half of driver training … the part you're never told about.

This is a more practical, intense, beneficial and fun program than "driver's ed", or simple programs in car control. Sometimes serious but always humorous, this 8-hour, hands-on, one-of-a-kind, parent-participation program is done in your own car, and focuses on EMERGENCY DRIVING CONDITIONS. We show your student what kinds of emergencies can happen, … let them experience first-hand how fast they happen, … and train them how to react and what to do when they do happen!

As a result, when they are faced with that inevitable emergency, they will have practiced how to handle it. This program helps both under-confident and over-confident drivers, … restores familial communication and *leaves parents much more comfortable with their student's abilities.*

- ***"Forget everything you've ever heard about driver training programs … this one's worth 4 times what I paid."*** *-L. Parke; Parent*
- ***"My kid got 5 years worth of driving experience in 8 hours … best money I've ever spent."*** *- G. Gray; Parent*
- ***"I can finally talk to my son about driving again! No more attitude!"*** *- M. Compo; PTSA*
- ***"The same daughter who tuned me out for a week after I signed her up … hugged me when it was over."*** *-L. Wright; Parent*
- ***"They made my timid daughter more confident and knocked my son down a few pegs at the same time!"*** *- D. Kliewer: Parent*

* Varying prices are simply a result of varying insurance requirements at each venue, limited availability and/or County School Board surcharges. *Cancellations accepted up to midnight on the billing date. At that point, the necessary materials resources and insurance will automatically be purchased based on your promised attendance. After that, much like any event ticket, your admission may be given or sold to another parent/student team for the same date, space and time, but is not refundable or transferable to another weekend.*
